

INFORMED CONSENT FOR PSYCHIATRIC TREATMENT

Clarity ADHD, PLLC | Lucas Craft, PA-C | Washington State

About Your Provider

Lucas Craft is a licensed Physician Assistant-Certified (PA-C) in Washington State. He provides your care directly.

A collaborating physician is available as required by Washington State law (RCW 18.71A). You can ask for that physician's name and contact info at any time.

Clarity ADHD, PLLC offers psychiatric care for adults. We focus on ADHD and related conditions. We do not provide therapy, crisis services, or inpatient care.

What Services We Offer

We provide the following services:

- Full psychiatric evaluation for adult ADHD and related conditions
- Objective ADHD testing (QBTtest - FDA-cleared)
- Diagnosis and review of other possible diagnoses
- Medication management - starting, adjusting, and monitoring medications
- Lifestyle support guidance - exercise, diet, sleep, and other non-medication options
- Care coordination with your primary care provider or therapist, with your written permission

We do **not** provide: therapy or counseling, crisis care, inpatient or residential treatment, care for patients under 18, or care for patients who are not a good fit for our practice.

Risks and Benefits of Treatment

Treatment may help your symptoms and daily life. But there are risks.

Medications can have side effects. They may not work for everyone. Symptoms may get worse before they improve. There is no guarantee of a cure. Drug interactions are possible. Your provider will explain the risks of any medication before prescribing it.

Other options exist besides medication. Your provider will discuss all options with you, including no treatment.

Your Rights as a Patient

You have the right to:

- Ask questions about your diagnosis, treatment, and medications at any time
- Refuse any treatment we recommend
- Get a second opinion
- Access your medical records as allowed by law
- Stop care at any time without penalty - we encourage you to let your provider know first so we can help with the transition

Your Privacy

Your health information is protected by federal and state privacy laws, including HIPAA and Washington State law. We will not share your information without your written permission.

There are a few exceptions:

- We must report suspected abuse or neglect of a child or vulnerable adult
- We may share information if there is a serious risk of harm to you or someone else
- We may share information when required by a court order

Emergencies

We do not provide emergency or crisis services.

If you are in a mental health or medical emergency: call 911, go to your nearest emergency room, or call or text 988 (Suicide and Crisis Lifeline). Please make sure your provider has your emergency contact on file.

How We Communicate

We use the SimplePractice secure portal to communicate with patients.

Email and text outside the portal are not secure. Do not use them for health questions.

Portal messages are usually answered within two business days. Do not use the portal for urgent issues. In a medical emergency, call 911 or go to the nearest emergency room.
